

Letter to the editor:

Dear Editor,

In the April 2007 issue the article 'Dermatitis artefacta, an unusual presentation by Jayappa A and Lamb WH' failed to acknowledge the contribution to the diagnosis and management of this case made by Dr Mary Carr and the department of dermatology based at UHND. I would be grateful if an acknowledgement to this effect could be made in the next issue of the Journal along with my apology for the omission

Yours sincerely

W H Lamb
